FLIGHT OF THE MONTH 30

The Sneaky Peat (1 oz pours of each)

- Talisker** - Most frequently matured in American oak casks, the malt is peated to a phenol level, which is a medium peating level. Water from Hawk Hill flows over peat which adds additional complexity to the whiskey.
- Laphroaig** - Matured in seasoned oak barrels, which are charred to impart a slight sweet vanilla flavor. This whiskey is naturally peated adding a little water and peat smoke with some sweetness and strong hints of the sea.
- Lagavulin** - Distilled in pear-shaped pot stills, this scotch from the Islay region is intensely flavored, smokey, and rich. The wind-swept isle of Islay instills a strength of character into everything it produces.
